Dr. Jeffrey G. Kurtzman
Department of Music
Campus Box 1032
Washington University

Dear Jeff:

It is hard to think of you stepping down as chair of the Department of Music. It was a great day for Washington University when you joined us from Rice. It has always been a pleasure for me to work with you and to see the progress that you have brought to one of our important departments.

I just wanted to tell you how much I appreciate everything you have done for Washington University. I look forward to continuing to work with you in the future.

With best regards,

Yours sincerely,

William H. Danforth
Chancellor
